

Velvet Joe's Able Assistants-

MOTHER Nature and Father Time made diamonds out of carbon. But pshaw! Look what their method does with tobacco. Two years of it make VELVET.

FOR VELVET is matured by two full years of ageing in Nature's way. The result is that mellow, aged-in-the-wood smoothness that no other smoking tobacco possesses.

You can't get that smoothness in any other way.

GAME CALLED OFF; BABY BEAVERS WIN

Intercity League Ends Season, Agreement Gives Lojus Second Place

The local baseball schedule as outlined Monday underwent a change yesterday, when Manager Baker of the Lojus acceded to the desires of the other officers of the intercity league and called off the postponed game between his team and the Kirkpatricks. This action releases the Baby Beavers from any obligation to play the Bradfords, also a postponed game, and gives them the league pennant without further question, while the Salem club takes second place. The bill for next Sunday of the East State street grounds will be McMinnville the Sunday following. The framing up of an all-star intercity team will now be gone into with avidity. A series of games between the intercity champions and Prineville is assured. Four games will be played, and the team that wins two of the first three games will be declared champions of Oregon.

HAL BOY'S TIME IS FAST

Poughkeepsie, N. Y., Aug. 30.—All four races in the grand circuit yesterday were won in straight heats, but there were several exciting finishes. The second heat of the Dutchess, 2:12 pace, furnished such a close finish between Jay El Mack and Diometer that spectators did not know which had won until the judges awarded the heat to Jay El Mack. He captured the third heat with less difficulty. Thomas M. Murphy took the Vassar stake for 2-year-old trotters with the Real Lady. The first heat was in 2:08 3/4, a new track record for 2-year-old trotters and the fastest trotted by a 2-year-old this year. By taking the last two heats of the 2:03 pace in :03 flat, Hal Boy paced the fastest two heats ever paced in a race over this track. In the final heat he beat Pay Richmond by a head. Empress of Russia driven by "Bud" Murray, was the best of the field in the 2:18 trot. Directum I failed in an attempt to beat the track record of 2:02 1/2. His mile was in 2:03.

Washington Pioneer Victim of Auto Accident

Auburn, Wash., Aug. 30.—Captain David Gilmore, a pioneer resident of Auburn, is dead here today and his brother, J. I. Gilmore, and two companions, A. A. Donald and John Lacey, are suffering from serious injuries as a result of an automobile collision with another machine on the highway, one mile north of Sumner last yesterday. J. I. Gilmore has a broken arm and is suffering from internal injuries, and Donald and Lacey are bruised about the head and body. J. I. Gilmore was driving the car when the accident occurred. The car was traveling at about 30 miles an hour, when a machine coming from Seattle suddenly appeared around a curve. The Seattle machine turned to the left of the Gilmore car, but did not clear it. The injured were brought to Tacoma.

Sleeper Is Winner in Michigan Primaries

Detroit, Mich., Aug. 30.—With only a few scattered precincts still unreported, Albert E. Sleeper of Bad Axe, was leading Frank B. Leland of Detroit, in the race for the republican governorship nomination by nearly 7,000 votes at 2 o'clock this afternoon. The returns which are unofficial represent about 90 per cent of the total vote. Sleeper's total was 52,000; Leland 45,370. For the lieutenant governorship nomination Dickinson was leading Seimann 35,202 to 22,650. In spite of the law of cause and effect, many a man has a mighty small reason for feeling big.

Yesterday's Results.

At Vaughn street—Portland, 9; Los Angeles, 2.
At San Francisco—San Francisco, 5; Salt Lake, 4.
At Los Angeles—Vernon, 3; Oakland, 0.
Middleton of the Oaks bobbled in the second and Vernon won, 3 to 0. Speed Martin pitched a flossy game for the losers.
The score doesn't show that Ole Harry got a hit, but anyway, he was among those present. Fitzgerald's single really did the business.
It was a pretty muzzed aggregation of Angels that flitted around the Portland hall yard in the opener. They made three misplays, let the Beavers steal the game away, and failed to hit at psychological moments.
Standridge tried to ozone all who batted at his twisters. He fanned four and perambulated seven. Seagins, who relieved him, was almost as unsteady. Score, 9 to 2.
Yesterday's big league hero was Home Run Baker. He marched to the plate to deliver one of his mighty swats when two Yanks were on the sacks and fanned just as gracefully as did Casey.
Nick Cullop was one of the New York stars to taste defeat at the hands of the Tigers.
Slim Sallee had a little more luck than usual. His team mates made three runs for him against the Reds, and he won.
Hal Chase did a first rate second basing job for the Reds.
Lefty Tyler went into the iron man class yesterday when he worked in both games of a double header against the Pirates. He won both games, but didn't finish the second.

DEALERS ARE
(Continued From Page One.)
along its lines to be prepared to protect the railroad property.
Will Cut Off Food Supply.
New York, Aug. 30.—All indications this afternoon were that the commerce of the United States will be virtually at a standstill by Saturday, if the order calling the 400,000 members of the trainmen's brotherhoods out on strike September 4 is not withdrawn. And the blow will fall first on the food supply of the nation.
The paralyzing effect of such a strike as now seems inevitable was borne home to railway heads, union officials and shippers alike as orders went out from various railway headquarters establishing embargoes on all perishable goods—which include foodstuffs.
The Pennsylvania railroad, representing one of the biggest systems in the country, issued a statement announcing an embargo which will include freight of every description.
This means the Pennsylvania will attempt to move no freight after Saturday.
The Lackawanna followed the lead of the New York, New Haven & Hartford and other roads by announcing an embargo on perishable goods that cannot be delivered before September 4. The Erie, one of the biggest freight carrying lines in the country, had reached no definite decision this afternoon but a statement was expected from President Underwood tomorrow. In the meantime, however, the road issued a warning to shippers that freight accepted now was with the understanding that it would be available for delivery before Monday.
Shipments Cease Saturday.
The New York Central officials were meeting this afternoon to decide as to their action regarding an embargo. The Atlantic coast line and a score of other roads were expected to announce a ban on perishable freight within the next 12 hours.
Most of the roads in the middle west have acted and food prices were reported advancing rapidly.
In New York measures have been taken to prevent unwarranted advances in foodstuff prices.
Although most of the orders from railroad headquarters provide that the embargo on perishable goods and livestock shall become effective as to shipments for delivery after September 4, it is realized that owing to the congestion under normal conditions, all fresh shipments will virtually cease after Saturday. From the perishable goods, the embargo is expected to be extended to other commodities, unless the railroads find some effective way of keeping trains in operation. The Pennsylvania has taken the lead in extending the embargo to all lines of freight from the start.

SAY DUAL MONARCHY IS NEARING COLLAPSE

Rome, Aug. 30.—Complete evacuation of Montenegro and Albania by the Austrians will be the first result of Rumania's entrance into the war, Italian critics assert. The early collapse of the dual monarchy, possibly by the end of the present war, is predicted by a majority of the Italian war experts.
Despite denials from Vienna, it has been learned by the Italian military

House Leader Has Plan for Settlement

Washington, Aug. 30.—House Leader Kitchin and Chairman Adamson of the house interstate commerce committee late this afternoon framed legislation which they believe will avert the threatened railroad strike. In effect it would provide by law almost exactly the terms of settlement which the president offered the brotherhoods and the railroad presidents and which the brotherhoods accepted.
The legislation takes the form of a bill simply fixing an eight hour day for work on railroads with time and one-half for overtime—being more drastic in the last respect than the president's proposal—and providing a commission of three to report to congress on further legislation.
Kitchin and Adamson said this afternoon they will wait 48 hours for the senate to act in the railroad matter and that if action has not then been taken, they will push their plan through the house. By doing so if the senate accepts it they said their trick can be
